How does all this benefit my child?

By using the

Day By Day NCF ECD programme

the school is demonstrating that it is well organised, with dedicated teachers that are willing to put in the effort to give your child an excellent pre-school education.

- Each day your child will be developing skills such as: number recognition and counting, shape and colour recognition, patterns and sequences, visual perception, and much more.
- Children will have a well-rounded pre-school experience that includes a wide range of teacher-directed and free play activities and be better prepared for Grade R.
- Feedback from the teachers to the parents will be more meaningful with the help of the **NCF Observation Sheets** and **NCF End-of-term reports**.
